

CONFERENCE KOKA 2019
September 11 – 13, 2019

*L. International Scientific
Conference of Czech and Slovak
Universities and Institutions Dealing
with Motor Vehicles and Internal
Combustion Engines Research*

The Department of Technology and Automobile Transport of the Faculty of AgriSciences of the Mendel University in Brno invites you to *L. International Scientific Conference of Czech and Slovak University Departments and Institutions Dealing with Motor Vehicles and Internal Combustion Engines Research* held under the patronage of the Dean of the Faculty of AgriSciences of the Mendel University in Brno Ass. Prof. Pavla Ryanta, Ph.D.

The international conference is dedicated to researchers of departments and institutes engaged in research in the areas of combustion engines as well as for all professionals in automotive research, development, production or students and other interested people.

Plenary session along with proceedings of the conference will showcase R&D activities of universities and other scientific institutions. The conference provides possibility to exchange actual information and practices in the field of internal combustion engines and automotive sector.

Preliminary Conference Program
